DETAILED ACTION

Applicants' response, which included cancellation of claims 23-37 and addition of new claims 38-56, filed on 4/8/2009, is made of record. Claims 38-56 are now pending. In view of applicants' cancellation of claims 23-37, all 112 first and second paragraph rejections made in the previous office action have been obviated. However, the following new grounds of rejections necessitated by applicants' amendment are applied to currently pending claims.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 38-52 and 54-56 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. Recitation of " one of W_1 and W_2 is A4 and..." in claim 38 and reference to A4 in claims 39 and 40 renders these claims and the dependent claims 39-46 and 54 indefinite as there is no definition of A4 in claim 1. Hence, the structural make-up of the compounds of formula I remain undefined
2. Recitation of A3 in claim 39 renders claim 39 indefinite as there is no such group recited in claim 38. Claim 39 appears to be an improper dependent claim as it fails to further limit claim 38.
3. Independent claim 47 and its dependent claims 48-52, 55 are indefinite as claim 47 recites a label ring A but there is no such ring A is shown in formula I-O .

Allowable Subject Matter

Claim 53 and 56 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
